

CAPELLA FLAVORS DROPS ARE WATER SOLUABLE, HIGHLY CONCENTRATED, MULTI-PURPOSE FLAVORING

Health Certification

September 6, 2019

Capella Flavors Inc. certifies that all ingredients used in the creation of our flavors are approved for use in the regulation of the Food and Drug Administration, under directive (EC) 1334/2008 and are listed on the FEMA GRAS list.

They do not contain products of animal origin (oils, fats, meat, eggs, dairy, gelatin).

They do not contain Nicotine or other tobacco derivatives.

They have not come into contact with equipment that has been used in the production of any products containing the substances listed above.

They do not contain allergens in accordance with 2003/89/CE, 2004/77/CE and 2005/63/CE unless otherwise noted.

They do not contain genetically modified organisms according to 1829 and 1830/2003/CE.

They are Gluten Free, Vegetarian & Vegan.

They are free from pathogens and harmful microbes and bacteria.

They are pesticide free and/or meet the US regulations regarding the levels of pesticides. This information is presented to the best of our knowledge, and with confirmation from our suppliers for the raw ingredients contained within. These products have not been tested for verification.

All Capella Flavors are produced in an FDA certified U.S. Facility, following all State and Federal regulations for products suitable for human consumption and using only FDA certified ingredients.
